

CCCD: Hurricane Melissa

Monday Morning Update

Faithful Prayer Warriors,

A direct hit from category 5 Hurricane Melissa is imminent. Landfall is expected late this evening into Tuesday morning. For many throughout Jamaica the weather has already settled in. For many, the power is already out. In James 5:16 it says “that the prayer of a righteous person is powerful and effective.” We covet your prayers. Don’t stop praying! God still does miracles, and we are believing him to do one here.

We will do our best to communicate the latest from Jamaica. Updates will be harder to come by as the day goes on.

In the coming weeks you will be receiving a letter highlighting our year-end campaign. Until this storm, I was so excited to be sharing all the wonderful things happening within CCCD. The growth and our new students. We still want you to hear those stories but our needs as we close out the year have increased, exponentially. A hurricane relief giving campaign has been set up to help address these immediate needs. We’re grateful for your support.

Sincerely,

Ben Beukema - President CCCD USA
