Your Impact

A word from
Ben Beukema,
CCCD U.S.
President

Salvations, L.I.F.E. Teams, hurricane relief, the Hardy Fund, and God's provision: What a year 2024 was. I am in awe of all that God has done. We can't do anything without the Lord. What a blessing to be used by God for His glory in His ministry--and you know how that feels, because you are part of this ministry too.

I really want to say thank you to all of you who support the ministry financially, in serving, and in prayer. God is using you for His work! You are part of what keeps this ministry alive.

Because of you, we are able to reach the Deaf of Jamaica with the gospel of Jesus Christ. We are so grateful to you who make the ministry of CCCD possible.

The year in review

It was a great day in chapel.

Pastor Sheldon invests tirelessly in the lives of CCCD students.

During a November chapel for the upper grade students, **all 19 students** in attendance made a decision to receive Christ and follow Him.

"I was touched," said Pastor Sheldon. Now those students are flocking to Sheldon to receive discipleship. "They are excited," he said, "I give them verses, teach them, and encourage them as they grow."

We are grateful for your support that makes this possible.

Go and make disciples. -Matthew 28:19

Educational Growth

Give a language in order to give the gospel – this is the heart of what we do. This year reach efforts brought new students. You gave to increase teacher pay so CCCD can grow with *stability*.

Disaster Relief

When Hurricane Beryl hit you showed up! You raised over \$59,000 to repair damages. When drought was prevalent, you helped with emergency water and new rain catch systems.

Agricultural Development and Social Enterprise

The goat house, crop production specialization projects, Dryer Angels, new broiler production, and other endeavors brought income and growth.

Evangelism Outreach

Pastor Sheldon traveled to multiple cities to counsel, preach the gospel and mentor Deaf YWAM missionaries. Sheldon also teaches on CCCD's primary school campuses.

"Prayer creates opportunities for God to honour the requests of others."

Thank a teacher...

Have you ever seen those signs that say, "If you can read this, thank a teacher"?

Let us tell you about our teachers:

CCCD teachers have a big job. They give and model language, teach educational skills, and represent the gospel to their students day in and day out.

Our teachers are heroes. For years, their income was below standard teacher pay in Jamaica. This, coupled with inflation, created a great need to increase teacher salaries. Adequate pay helps CCCD retain qualified educators and bring in skilled new teachers as the student body grows.

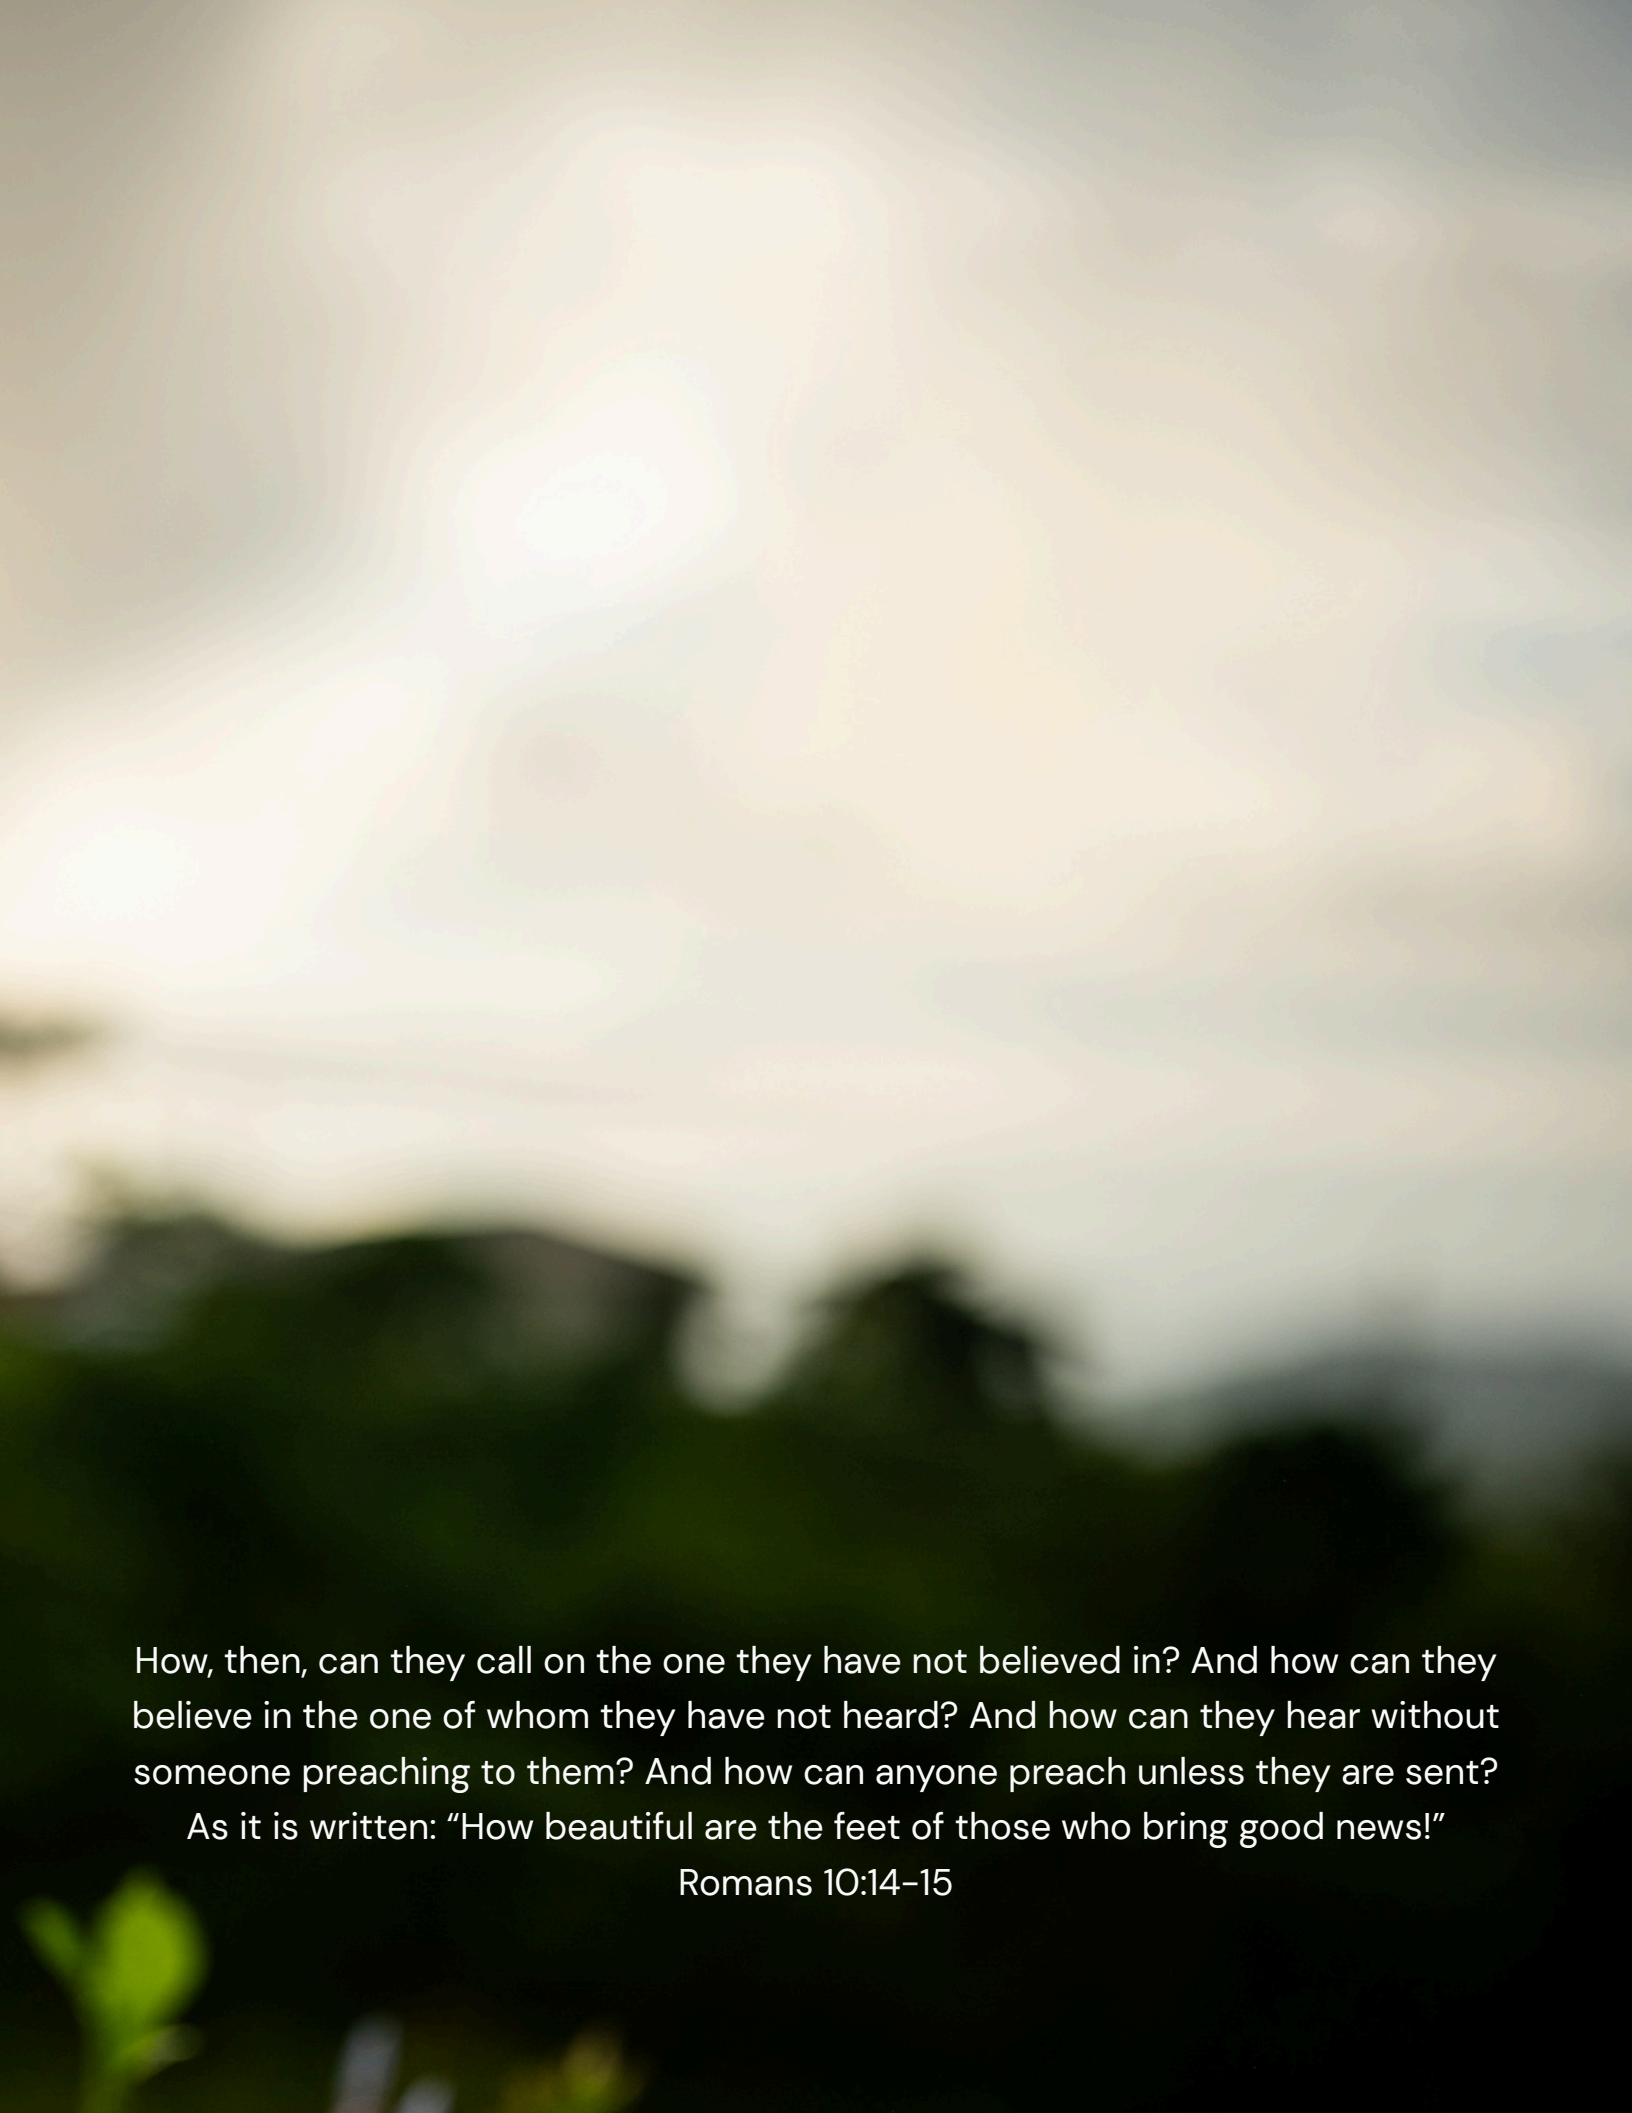

In 2024, you helped raise teacher pay. Thank you for helping provide JSL-qualified teachers and care for them well.

CCCD co-founder Paula Hardy was a Deaf missionary!

Reach, Teach, and Nurture the Deaf

How, then, can they call on the one they have not believed in? And how can they believe in the one of whom they have not heard? And how can they hear without someone preaching to them? And how can anyone preach unless they are sent?

As it is written: "How beautiful are the feet of those who bring good news!"

Romans 10:14-15

Hurricane Beryl struck, and you were there.

You were there to help!

Thank you.

When Beryl struck Jamaica in 2024. Knockpatrick campus was the hardest hit: The library roof was badly damaged and many books were destroyed. You prayed, you gave, and you even came to help repair the campuses.
